EVERMONT

MODERN PERFORMANCE PARKA

Evermont is a premium parka designed for the winter wardrobe. Clean and modern in its expression, it combines refined style with a down-like feeling and all-day comfort. Windproof and water repellent, it handles whatever the weather brings without compromising the look. High-loft padding ensures exceptional warmth, while the fixed hood with padded inner collar keeps the cold out around the neck. Storm cuffs at the sleeve ends seal out the wind, and the 2-way main zipper adds versatility to every move. Two chest pockets with warm lining and magnetic closure complete a jacket built as much for comfort as for style.

Shell 94% certified recycled Polyester / 6% Spandex. TPU membrane | **Lining** 100% certified recycled Polyamide (Nylon)
Padding 100% certified recycled Polyester (Sugenro®) | **Features** Windproof. Water resistance 8000 mm. Breathability 5000 g/m²/24h. Water repellency finish - Bionic Finish® ECO. TPU membrane 5K/8K. Fully taped seams | **Colour** Black, Navy | **Weight** Shell: 145 g/m²
