## V.Dynamix Hi Vis technical fleece jacket

### Fabric

#### Technical polar fleece.

100% recycled GRS polyester

300 g/m<sup>2</sup>

- Technical fleece is a high-performance fabric with an ultra-soft and warm interior, designed to provide maximum thermal comfort throughout the day. Its brushed inner finish creates a plush layer that retains heat, adding extra warmth without increasing weight and ensuring excellent freedom of movement.

**Level of protection against ultraviolet rays**  
**UPF 50+.** Maximum achievable level, blocking over 98% of UVA and UVB rays.

Tapes developed by Velilla Group

This segmented and heat-sealed reflective tape offers optimal visibility in low-light conditions. Its heat-sealed application ensures perfect integration with the garment, without seams, resulting in a more pleasant and comfortable surface to the touch.

Additionally, it is certified to withstand 50 washes at 60°C, maintaining its reflective properties and original appearance even after prolonged use.

Breathable

Evacuates water vapor ensuring efficient thermal regulation

#### Washing instructions

Max temp. 30°C  
 Do not bleach  
 Iron max. 110°C  
 Do not tumble dry  
 Do not use the dryer  
 50 washing cycles

#### Recommended printing techniques

### RET Values

RET 5,78

*RET: measures the breathability of the fabric; the lower the RET value, the higher the garment's breathability.*

### Pilling Values

4

*Pilling: measures the fabric's resistance to abrasion on a scale from 1 to 5. The higher the value, the greater the resistance.*

### UPF Protection Values

50+

*UPF: Level of protection against ultraviolet rays UPF 50+. Maximum achievable level, blocking over 98% of UVA and UVB rays.*

## Certifications

### Garment certifications

EN 20471

2

Intermediate visibility level. Suitable for work in moderately hazardous environments, where there is low light or bad weather and traffic does not exceed 60 km/h.

ISO  
13688

Quality standard regarding ergonomics, safety, size designation, aging, compatibility, and marking of protective clothing (P.P.E.)

Garment designed under the **Velilla Group Ecodesign management system ISO 14006**.

Certified by AENOR ISO 14006 ED-0002/2024

**Global Recycled Standard**, establishes the requirements for the certification of recycled material content

### Velilla Group certifications

**Management system** that allows the company to control its environmental aspects.

Certified by AENOR ISO 14001 GA-2023/0227

## Sets certified as Class 3

Sets certified as Class 3 according to the EN ISO 20471 standard **consist of an upper garment and trousers**, both individually certified (Class 2), which, when combined, **achieve the highest level of visibility and protection** for the user.
