## Description

A FALCONE® golf umbrella with a fiberglass frame, without too many luxury details? Then this is the perfect choice. It's also made from sustainable materials. The frame is produced from high-quality fiberglass material, known for its impressive strength and long-lasting performance. Thanks to the flexibility of fiberglass, the frame offers excellent resistance to extreme weather conditions and won't easily give in to the first gust of wind. The high-quality canopy of this umbrella is made entirely from recycled PET bottles, resulting in a durable, water-repellent, and environmentally responsible material. Thanks to the automatic opening mechanism, this umbrella opens effortlessly with the push of a button, offering extra convenience

and speed during unexpected rain showers. The EVA handle provides a very comfortable grip, as it is made of a soft and flexible foam material. A solid 2-person umbrella that fits everyone.
