

FALCONETTI® - Foldable summer umbrella - Manual - Windproof - Ø 91 cm

Product Images

Description

The FALCONETTI® Summer Umbrella! The UPF 50 coating blocks 98% of UVB rays, making this umbrella an essential accessory for sunny days. The end piece of the 3-section ribs is made of high-quality fiberglass, known for its impressive strength and long-lasting performance. This makes the umbrella reliable and durable in use. The lightweight canopy is made of polyester pongee and finished with a unique UPF 50 coating that allows only 2% of UVB rays to pass through. This makes it an ideal sun protection solution. The umbrella is easy to open manually: simply slide the runner upward until it clicks into place – ready for use. The sleek, compact handle complements the minimalist design of this smart umbrella. Whether you're hiking, exploring a city, or attending a summer event – this foldable umbrella is easy to carry thanks to its ultra-compact size. A unique umbrella offering protection from both sun and rain.
