

STORMaxi® - Aerodynamische ECO stormparaplu - Automatic open and close - Windproof - Ø 90 cm

Product Images

Description

Discover the NEW foldable STORMaxi® storm umbrella! The ultimate combination of design and functionality. This aerodynamic, foldable umbrella is made from high-quality RPET material and comes in a stylish luxury sleeve with a zipper. Thanks to its smart design, it cuts effortlessly through the wind, making it

your reliable companion in any weather. Tough, sustainable, and always ready for the storm! The STORMaxi® storm umbrella is both effective and sustainable. "It's just smart not to use more materials in a design than you actually need!" This is what the Dutch consumer affairs programme KASSA, aired by the VARA broadcasting association, said in praise of the STORMaxi's® efficient material usage. So STORMaxi® is both an effective and very sustainable storm umbrella! The frame is produced from high-quality fiberglass material, known for its impressive strength and long-lasting performance. Thanks to the flexibility of fiberglass, the frame offers excellent resistance to extreme weather conditions. Each STORMaxi® is developed with an eye for perfection, featuring high-quality materials and thoughtful details you expect from a premium product. The high-quality canopy of this umbrella is made entirely from recycled PET bottles, resulting in a durable, water-repellent, and environmentally responsible material. The automatic function makes it easy to use: open and close it with the press of a button. That way, you're quickly protected from the rain. With a built-in safety shaft as an added feature, this umbrella can be closed safely and effortlessly. The handle is made of black plastic and offers a firm grip thanks to its PU coating. The top of the handle is elegantly finished with a STORMaxi® doming sticker, bringing the branding to life in a refined way. Looking for a storm umbrella that stands out in both design and quality? The STORMaxi® offers a unique "out of the box" design, enhanced with premium finishing and an innovative aerodynamic shape!
